

We are justified in hoping that the sinister influence of the United States Bank has departed from it. That it must look to evidence, not mystery hereafter for its support. Jackson who vetoed it is re-elected, Clayton who investigated it is again returned, and Benton who was the earliest, stendiest advocate for the probing process; and who has searched deeper into its vices and abuses than any other person, has been re-elected to the Senate by a majority of more than two to one.
